your OPPORTUNITY TO
LEARN MORE *and* LEAD MORE

You spoke
and WE LISTENED

You want to be more active in economic and community development, and we hear you! As the business hub for Putnam County, we're using your feedback to set **lofty goals** that will engage & connect more people and businesses than ever before in 2024.

Once each quarter in 2024, financial contributors/members are invited to a CIC board meeting called, **CIC QUARTERLY CONNECT** - a one hour connection where you're a business insider **hearing first-hand** about the businesses, the economy, and communities here and around Ohio.

Give input to help generate more homegrown leads to launch and win projects in Putnam Co.

Grow B2B connections and get insight on business incentives, training, and our new **Leadership** series with professional development tracts to reenergize and help grow new leaders.

Be informed about local project developments, sites, buildings and how to get funding. Hear strategies being deployed to grow our workforce.

Work collaboratively to find solutions for complex challenges like housing development, childcare, and rural community revitalization.

OUR WORK + *you*
= A STRONGER PUTNAM COUNTY

A diverse economy | New capital investments | Vibrant small towns | Quality jobs

Together we **#buildputnam**
